

Employee Dedicates Poem To Sealmatic

Sealmatic Anthem - "Sealing the Future" (Uplifting, powerful, and professional in tone)

From the depths of oceans wide,
To the skies where aircraft glide,
Sealmatic stands with strength and pride,
With every seal, we turn the tide.

In oil fields and refinery flame,
In pharma labs, we make our name.
Precision built, no two the same,
We play the quiet hero's game.

We are Sealmatic, strong and true,
Crafting seals that breakthrough.
Across the world, our promise flows,
Where pressure mounts, our power shows.

Offshore winds and engines roar,
Space and speed-we dare for more.
In every seal, our values soar,
Innovation at the core.

We are Sealmatic, strong and true,
Crafting seals that breakthrough.
Across the world, our promise flows,
Where pressure mounts, our power shows.

From concept to creation's start,
With every hand, we build with heart.
One mission, one relentless art-
To seal the world, to play our part.

We are Sealmatic, strong and true,
Crafting seals that breakthrough.
Across the world, our promise flows,
Where pressure mounts, our power shows.

— Mr. Bhavik Dave
