Sealmatic – CSR 2025

"The best way to find yourself is to lose yourself in the service of others." – Mahatma Gandhi

"We make a living by what we get, but we make a life by what we give." – Winston Churchill

At Sealmatic, corporate social responsibility (CSR) is more than just an obligation; it is a commitment to building a better and more equitable society. Our CSR initiatives focus on education, skill development, healthcare, food grain and environmental sustainability, ensuring a lasting positive impact on communities.

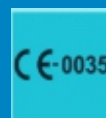

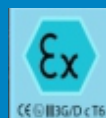

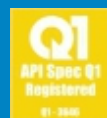

Sealmatic firmly believes that education is the key to empowerment. Our CSR education initiatives have successfully helped all students of A. K. Balwa Memorial Junior College, Navapur, pass their 12th standard. Additionally, we have extended our support to MK Education Society, providing IT courses to underprivileged students in Mumbai's suburbs, equipping them with essential skills for a better future. Our commitment to free healthcare services for the underprivileged has led us to support multiple initiatives such as Paranubhuti Foundation (Mumbai suburbs) by providing free healthcare services to those in need, Blind Organisation of India (Mumbai) by supporting visually impaired individuals with medical aid and food grains on multiple occasions and Cataract Operations & Medical Assistance by assisting patients and their families with treatment costs, medications and investigations.

By focusing on education, healthcare, and environmental sustainability, Sealmatic demonstrates its commitment to uplifting communities, enabling opportunities, and making a better future for all.
