Sealmatic Dream Team In Action At The Offshore Technology Conference (OTC), Houston, USA

Offshore Technology Conference (OTC) stands as a pivotal gathering for energy professionals, encompassing sectors ranging from oil and gas to solar, wind, hydrogen and carbon capture. Since its inception in 1969, OTC has served as a central hub for driving conversations around innovations that shape the world's energy landscape. Supported by 15 industry organizations and societies, OTC's technical program is a testament to collaborative efforts aimed at advancing the industry.

Sealmatic recently showcased its cutting-edge mechanical seals and systems at the Offshore Technology Conference (OTC) held annually in Houston, USA. The event proved to be a resounding success for Sealmatic, attracting significant attention from industry leaders, professionals and potential customers alike.

The United States, with its colossal mechanical seal market valued at USD 1.25 billion, served as the perfect stage for Sealmatic to showcase our competence. With each interaction, we have solidified our position as a frontrunner in the mechanical seal industry and are poised to claim a significant share of this lucrative market, says, **Umar AK Balwa – Managing Director, Sealmatic India Ltd.**

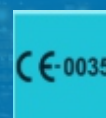

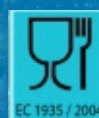

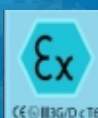

Sealmatic presence at OTC sparked immense enthusiasm among attendees, including Pump OEMs, Oil & Gas, Refinery, Petrochemical experts and all other important key stakeholders. The company's delegates participated in enlightening the discussions, imparting insights into inventive sealing solutions crafted to meet the precise requirements of the pump and the process industries.

Looking ahead to OTC 2024, Sealmatic remains committed to driving the industry forward with its dedication to excellence and focus on meeting the unique sealing challenges across a diverse range of applications.
