Sealmatic Shines At Iran Oil & Gas Show 2025

Sealmatic recently participated in one of the most prestigious and influential energy exhibitions in Iran, the International Oil, Gas, Refining and Petrochemical Exhibition, widely known as the Iran Oil & Gas Show which is held in Tehran, this event is organized under the guidance of the National Iranian Oil Company (NIOC) with the full support of the Ministry of Petroleum of the Islamic Republic of Iran and features the active participation of key subsidiaries including the National Iranian Gas Company, National Iranian Refining and Distribution Company and the National Iranian Petrochemical Company.

Sealmatic took center stage and positioned prominently at the main entrance of the hall, drawing considerable attention from a broad spectrum of industry professionals including OEMs, EPCs, LSTK contractors and leading End Users such as the National Iranian Oil Company etc. Sealmatic stand was busy with activity throughout the event, attracting high footfall from all sectors of the process industries. The strategic location, combined with Sealmatic advanced heavy-duty mechanical sealing products and strong global reputation, ensured maximum visibility and engagement.

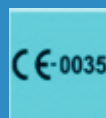

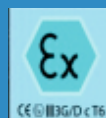

*“Participating in this exhibition was a strategic move that positioned Sealmatic as a serious player in the Iranian and regional markets. To its advantage, **Sealmatic is now approved by the Ministry of Petroleum of Iran**, a recognition that serves as a strong reference point throughout. This approval will not only boost credibility but also assure key stakeholders about Sealmatic technical competence and alignment with national standards” says; **Umar AK Balwa – Managing Director.***

With this successful participation, Sealmatic has set the stage for deeper market penetration in Iran. The Iran Oil & Gas Show 2025 stands as a proud milestone and the company looks forward to building on the momentum generated at the exhibition and thus exploring various business opportunities across the region.
