Sealmatic Shines At Oman Petroleum & Energy Show (OPES)

Sealmatic proudly marked its significant presence at the Oman Petroleum & Energy Show (OPES) 2025, held in Muscat, Oman, under the esteemed patronage of the Ministry of Energy and Minerals (MoEM). As the only event in Oman that comprehensively serves the entire oil, gas and energy value chain, OPES has established itself as a pivotal gathering point for global energy leaders, technology innovators and industry stakeholders.

Over the course of three dynamic days, the exhibition became a hub of innovation, collaboration and knowledge sharing event, drawing in leading figures from the energy ecosystem. Sealmatic took center stage with its cutting-edge mechanical sealing solutions, attracting significant interest from professionals within the rotating equipment segment.

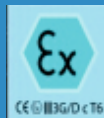

“OPES reflects Oman's growing role in the global energy landscape. Throughout the exhibition, our team engaged in productive discussions with major End Users, technical consultants and industry leaders, presenting our capabilities, R&D strength and proven track record in mechanical sealing technology. The response was overwhelmingly positive, with numerous potential collaborations and project discussions initiated during the event,” says;
Mr. Samir Mullaji – Vice President (Business Development)

Participating in important exhibition like OPES reaffirms commitment to support the energy sector in Oman and the broader Gulf region. As Sealmatic continues its global footprint in the Middle East, events like OPES provide an ideal platform to connect, collaborate and contribute meaningfully to the industry's evolution.
