Sealmatic Triumphs At ACHEMA 2024: The Premiere Process Industry Exhibition

Mumbai – June 14th, 2024 – Sealmatic India Ltd (BSE listed: 543782), a prominent player in mechanical sealing technology, recently took a center stage at ACHEMA 2024, one of the most prestigious exhibitions in the world for process industry. Held every three years in Frankfurt, Germany. ACHEMA brings together industry leaders, innovators and stakeholders from around the globe. For Sealmatic, this event proved to be an unparalleled opportunity to engage with existing customers and attract potential customers on a global platform.

Sealmatic at ACHEMA 2024 located in the epicenter of Hall 08, amidst the major OEMs for pumps, compressors, mixers, kneaders and other rotary equipment, Sealmatic stand was a highlight of the exhibition. The company showcased its cutting-edge sealing technology, drawing attention from numerous visitors, delegates and stakeholders across various segments. The strategic placement and attractive decoration of Sealmatic stand received widespread acclaim, contributing significantly to the company's visibility and engagement during the event.

The participation of Sealmatic at ACHEMA 2024 was marked by the display of its advanced sealing solutions, which cater to a wide range of industrial applications, visitors had the opportunity to witness firsthand the capabilities and innovations that Sealmatic brings to the table. The meticulously arranged product displays not only highlighted the functionality and robustness of the sealing technology but also emphasized the company's commitment to quality and innovation.

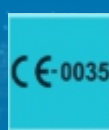

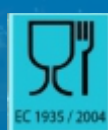

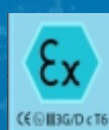

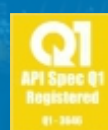

For Sealmatic, the 34th ACHEMA 2024 World Forum served as a crucial exhibition, particularly in terms of expanding the company's footprint in the European market. It also provided a unique opportunity for the company to engage with its existing customers and establish connections with potential customers as well. The diverse array of attendees and the extensive networking opportunities facilitated meaningful interactions, fostering new partnerships and business opportunities, it covered a full spectrum of technologies and services for the process industries, including engineering, mechanical processes, pharmaceutical applications and thermal processes., **says; Umar AK Balwa – Managing Director, Sealmatic India Ltd.**

ACHEMA highlighted the technological prowess of Sealmatic and its the ability to adapt to the evolving demands of the market. As the industry moves towards the greener technologies and more dynamic regulatory requirements, Sealmatic is poised to lead with innovative solutions that meet these challenges head-on. With the insights gained and the connections made, Sealmatic is well-equipped to continue its journey of innovation and growth in the years to come.
